

A WORD OF WELCOME

*T*he faculty and staff of East Asia School of Theology (EAST) would like to extend a warm welcome to you.

We believe that you are here not by accident but by God's appointment. You are an answer to our prayers. We trust that your time in EAST will help develop you as equippers and spiritual multipliers wherever God leads you to serve.

This handbook serves as a guide for you during your study at EAST. We have tried to answer questions you may be concerned with as a student, e.g., financial matters, academic concerns, field education, the library, student life, and other administrative details. If you are not able to find an answer in this handbook to questions you may have, please do not hesitate to ask our faculty and staff.
