2009 HIGHLIGHTS

With six camps among us in December, we decided to have an early "highlights" letter this year. Our marathon begins on 7 Dec when Julienne begins a camp for abused kids, and ends on 29 Dec when Roland and I (YK) will speak at our Metamorphosis camp for 400 campus students.

This year Roland stepped down as Superintendent of our Sunday school to focus on teaching, and mentoring young teachers. The photo on the left shows his class of 13-year-olds: energetic, inquisitive, and keeps their almost-60-year-old teacher young and excited.

FROM BOYS TO MEN

It brings us great joy reaching out to teenagers and campus students (this year I spoke 21 times to youth and campus groups). Teaching seminary students at EAST brings with it another kind of satisfaction. Here we mentor people who have already made that commitment to serve Christ. It's a special privilege to help shape the hands and hearts of these future shepherds, missionaries, and church-planters.

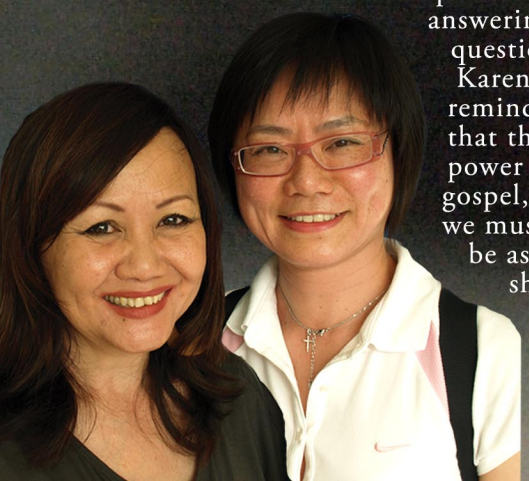
"THANK YOU FOR YOUR LOVE & GIVING"

Roland & YK

December 2009

"I CAN START ALL OVER AGAIN!"

These were Karen's (below) first words after I led her to Christ in a restaurant in Hong Kong seven years ago. By the time she was baptized three years ago, both her parents had come to the Lord. In October, Karen paid us a visit. We talked deep into the night, prayed, and I spent hours answering her questions. Karen's life reminds us that there is power in the gospel, and we must never be ashamed to share it boldly.



"THIS IS IT"

Julienne's graduation was definitely the highlight for our family in 2009. Besides doing freelance design work, she is helping out at our Mass Media ministry, and serving with the work among abused kids. God willing, she will begin a full-time job in January.

ONCE UPON A TIME IN HONG KONG TAIWAN MONGOLIA

The highlight of each of our overseas assignment is always building relationships with the body of Christ, and seeing God's favor and fruitfulness. E.g., in Hong Kong, more than 50 university students responded to Roland's full-time challenge. They stayed behind for almost three hours to ask questions. In Mongolia, I spoke to 70 non-Christian teachers in a public school, and was humbled by their willingness to listen to me.
